DISCUSSION: Richmond American Homes is being assessed a civil liability of \$618 for failure to pay outstanding fees of \$250.

Richmond American Homes is alleged to have violated Section 13260(d) of the California Water Code which requires that each person for whom waste discharge requirements have been prescribed pursuant to Water Code Section 13263 shall pay an annual fee according to a fee schedule established by the State Water Resources Control Board (State Board). The initial outstanding fees not paid are \$250 for Fiscal Year 2001-2002 for the facility located at Butterfield Stage Road, Temecula.

The violation for non-payment is deemed to have occurred for a total of 174 days based on the following days:

Fiscal Year 2001-2002 from Feb. 7, 2002 to July 31, 2002, or 174 days.

The proposed amount of civil liability attributed to each violation was determined by taking into consideration the factors specified in Section 13367, economic savings, as well as the maximum civil liability that the Regional Board may assess.

The discharger has contacted the Regional Board by phone regarding this matter, but the Regional Board has not received any written correspondence on the item.

Civil liability should be imposed on Richmond American Homes by the Regional Board in the amount of \$618 for the violations cited above. The civil liability is based on a greater emphasis for the first 90 days after the fee was due (assessed at \$5 per day for the first 90 days and \$2 per day from 90 to 180 days late). The approximate average is summarized below:

Fiscal Year	Approx. Average	Sub-Total
2001-2002	\$3.55/day	\$618
TOTAL		\$618
